

AIRCONE™

Coarse Bubble Diffuser

Material Features

- Low capital and maintenance cost
- No-clog design
- Durable ABS body
- ½ inch NPT (male) connection
- UV Protection
- High airflow capacity
- Bottom discharge to eliminate solids from settling on active areas
- Integral Check Valve

		9" Micro
Design Airflow	m ³ N/h	0-21
	scfm	0-13
Overall Diameter	mm	127
	in	5
Dry Weight	kg	0.65
	lb	1.4

The approximate operating pressure of the diffuser at the mid-range is 5–10 inches H₂O (1.2–2.5 kPa).
